Green Waste Recycling Update

## *Factual Summation*

- Any questions regarding this item may be directed to City Manager Bob Rice.

## *Staff Memo*

- I am happy to report our green waste participation has grown to 807 customers as of Thursday, April 21<sup>st</sup>. We are striving to exceed the 1000 customer mark and are confident this program will be a success. We are receiving several calls from our customers inquiring about a “green can” that was dropped off at their neighbor’s house; this gives us the perfect opportunity to pitch the program. Thanks to all the staff for their contribution to this program.

Respectfully,  
Mike Waite  
Public Works Director

Utility Bill Update

## *Factual Summation*

- Any questions regarding this item may be directed to City Manager Bob Rice.

## *Staff Memo*

- Reasons why we need to outsource the utility bills:
  - 1- Another rate (green waste) or any other rate added onto the bill cannot fit onto the postcard form.
  - 2- This bill would be on letter size form, so it cannot get lost in their junk mail. (as residences claim)
  - 3- More information can be posted: Our website, on where to pay on-line, services would be able to be spelled out so they would understand better, A message box, to put important information out to them directly, graphs on their water usage (it will help with finding water leak problems)

A return envelope will be included with the bill.  
This will include the postage to mail them out.  
They can have them out and delivered within two days.

We are one person short, now (it took 3 of us to get them out every month, in about two ½ days). We are taking more jobs on, in the utility Dept.  
There are around 6,700 bills now to send out. The city will grow from here (sometime)

Thanks,  
Janice Lansing  
Utility Supervisor

RE: Lease/Purchase Option

We have been working on pricing for a leasing option to finance the city's fleet of vehicle. Hinklease, Inc. And Ken Garff Fleet Sales have been looking at our surplus vehicles and well give us a bid on leasing vehicles for police, fire, public works and recreation. We hope to get more money off surplus vehicles and apply money generated to start a leasing program. We have the option to lease for two years or for 4-5 years and then purchase them for \$1.00.

All leased vehicles will have new equipment so the car and equipment will always be under warranty. This will eliminate maintenance costs. We are also looking at buying some hybrid police cars to save fuel and increase trade-in value.

### 3.04.060: STANDARDS FOR REHABILITATION

The following "Standards for Rehabilitation" shall be used by the Historic Preservation Commission and City Council when determining the historic appropriateness of any application pertaining to Historic Landmark properties:

1. Every reasonable effort shall be made to provide a compatible purpose for a property which requires minimal alteration of the building, structure, or site and its environment.
2. The distinguishing original qualities or character of a building, structure, or site and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural features should be avoided when possible.
3. All building, structures, and sites shall be recognized as products of their own time. Alterations that have no historic basis and which seek to create an earlier appearance shall be discouraged.
4. Changes which may have taken place in the course of time are evidence of the history and development of a building, structure, or site and its environment. These changes may have acquired significance in their own right, and this significance shall be recognized and respected.
5. Distinctive stylistic features or examples of skilled craftsmanship which characterize a building, structure, or site shall be treated with sensitivity.
6. Deteriorated architectural features shall be repaired rather than replaced wherever possible. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture and other visual qualities. Repair or replacement of

**Deleted:** n

missing architectural features should be based on accurate duplications of features, substantiated by historic, physical, or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.

7. The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage the historic building materials shall not be undertaken.
8. Every reasonable effort shall be made to protect and preserve archaeological resources affected by or adjacent to any rehabilitation project.
9. Contemporary design for alteration and additions to existing properties shall not be discouraged when such alterations and additions do not destroy significant historic, architectural or cultural materials, and such design is compatible with the size, scale, color, material, and character of the property, neighborhood or environment.
10. Whenever possible, new additions or alterations to structures shall be done in such a manner that if such additions or alterations were removed in the future, the essential form and integrity of the structure would be unimpaired. (1990)

Appeals to the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the City affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time as provided by the rules of the Board by filing with the office from whom the appeal is taken and with the Board of Adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which the action appealed from was taken.

Stay of Proceedings Pending Appeal. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by restraining order which may be granted by the Board of Adjustment or by the district court on application and notice on due cause shown.

Decision by Board of Adjustment. In exercising the powers stated in Section 3.02.040, the Board of Adjustment may, in conformity with the provisions of

law, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken. The concurring vote of three members of the Board shall be necessary to reverse any order, requirement, or determination of any such administrative official, or to decide in favor of the appellant on any matter upon which it is required to pass or to effect any such variation in the planning and zoning provisions of the Ordinances of this City.

**3.02.060: VARIANCES OF OFFICIAL MAP**

In order to preserve the integrity of the official map, no permit shall be issued for any building or structure or part thereof on any land located between the mapped lines of any street as shown on the official map. Any person aggrieved by his inability to obtain such a permit may appeal to the Board of Adjustment. The Board of Adjustment shall have the power, upon an appeal filed with it by the owner of any such land, to authorize the grant of a permit for a building or structure or part thereof within any mapped-street location in any case in which the Board of Adjustment, upon the evidence, finds:

That the property of the appellant of which such mapped-street location forms a part will not yield a reasonable return to the owner unless such permit be granted; or

That, in balancing the interest of the City in preserving the integrity of the official map and the interest of the owner in the use and benefits of the property, the grant of such permit is required by consideration of justice and equity. Before taking any such action, the Board of Adjustment shall hold a public hearing thereon. In the event that the Board of Adjustment decides to authorize a building permit, it shall have the power to specify the exact location, ground area, height, and other details and conditions of extent and character and also the duration of the building, structure, or part thereof to be permitted.

**3.02.070: SPECIAL PERMITS**

The Board of Adjustment may, in appropriate cases, after public notice and hearing, and subject to appropriate conditions and safeguards, determine and vary the application of the use district regulations herein established in harmony with their general purpose and intent as follows:

Permit the extension of a use into a more restricted use district immediately adjacent thereto where the boundary line divides a lot in single ownership as shown of record at the time of the passage of this ordinance; such use may extend to the entire lot, provided that in no case shall the use be extended more than 50 feet beyond the boundary line of such district in which such use is authorized.

Permit in a residential district a temporary building for commerce or industry which is incidental to the residential development, such permit to be issued for a period of not more than one year.
