

Aquaculture Facilities

The use of any park with aquaculture facilities for the purpose of fishing must be in compliance with Title 23 of Utah Code Annotated (wildlife resources code of Utah), the rules and proclamations promulgated there under, order issued pursuant thereto, and the provisions of this section. (1) Ice skating and/or ice fishing shall not be allowed on any lake, pond, reservoir or stream within an aquaculture facility.

Swimming: Except by special permit issued by the City Council, no person shall swim, bathe or wade in the waters of any fountain, pond, lake or stream not set aside for the purposes of swimming, bathing, or wading or pollute the waters of any fountain, pond, lake, reservoir, or stream in any public park or playground. Domesticated animals are prohibited from swimming in any City park aquatic facility.

The following shall not apply to rescue efforts or the care and maintenance of aquaculture facilities.

Floatation Devices: Motorized boats or floatation devices: No person shall ride in or drive any motorized boat or floatation device which is self-propelled upon any lake, pond or stream within said aquaculture facilities. This shall not apply, however, to motorized or self-propelled boats used within the park by officers or employees of the City or the Department of Wildlife Resources in the performance of their official duties in the care and cleanup of the facilities.

Model Boating: No person shall engage in model boating in, on or upon the waters of any aquaculture facility in the City of Syracuse.

Aquatic Animals: No person is to put in or around any lake, pond or stream any type of non-native or domesticated fish, frog, or any other kind of amphibian or aquatic animal including, but not limited to, goldfish, frogs, lizards, snakes, etc.
